

GNARC – Comm Center Rules

- These rules are meant to maximize club members' enjoyment of our space.
- No alcohol anywhere on the property.
- Please remove all trash when you leave. If you bring it in, take it out. If you are the last one out, take all trash. The garbage dumpster is BEHIND the main building.
- No smoking in the building.
- The refrigerator is for short term storage of your food. Take it when you leave, we don't need any more science experiments!
- You may leave sealed, unopened foods (like soda cans/bottles).
- If you use utensils/plates/coffee pots or any other kitchen equipment, YOU must wash and dry it. Your MOM is not here to clean up after you!
- Non club member guests are allowed if accompanied by the member. Frequent guests are expected to join the club.
- Please be quiet outside, and park in assigned spots ONLY. The firemen WILL just push your vehicle out of the way if they need to get equipment to an emergency.
- The City of Norwalk has generously lent us this space. Lets not lose it. We are all guests in their space.
- When we ask for sign-ups for events that benefit the City of Norwalk, please sign up. This is why we were given use of the space. Not just to "work DX".
